Anul IV secundar inferior – Modul 3

Program „A Doua Șansă''

1. Write a few phrases about yourself. What are your hobbies? What do you enjoy doing? What do you not enjoy doing? Can you speak English well? How do you plan on improving your English?

2. Read the following text and answer the questions below:

"Thomas Edison is a one of the most famous American inventors. His most important invention is the electric light bulb. Edison tried over 9,000 times to invent it, but he didn't give up. When asked by a newspaper reporter if he felt like a failure and if he should give up, Edison simply stated "Why would I feel like a failure? And why would I ever give up? I now know definitely over 9,000 ways an electric light bulb will not work. Success is almost in my grasp."

This is also the same person whose teachers said he was "too stupid to learn anything" and fired from his first two employment positions for not being productive enough. However, Edison, is also the greatest innovator of all time. This is someone who refused to ever give up no matter what.

It's said that in his early days, he attributed his success to his mother, who pulled him out of school and began to teach him herself. He tried not to disappoint her. His early fascination for chemical experiments and mechanical engineering paved the way for a future that was incredibly bright. Edison never gave up when things were going bad and he is now known as one of the most famous inventors of all time."

3. Translate the following text in Romanian:
"English is one of the most widely spoken languages. English is the language you'll be able to use most widely, as it's spoken in more countries than any other language.

As well as the UK, 60 of the world's 196 countries have English as their official language: the USA, Australia, Canada, New Zealand, to name but a few. It's the language of diplomacy and the official language of the European Union. In total, around 1.5 billion people speak English worldwide and another billion are in the process of learning it.

Being able to speak English allows you to communicate in a lot of countries, and this opens up lots of possibilities for you. You won't have to worry about getting lost when you travel to an English-speaking country, as you'll easily be able to ask for directions, take guided tours, order food and chat to the locals.

Learning English will allow you to also talk to foreign people in your own country. As there is a large number of foreign people coming to Cluj in every year."
